NO ANIMAL PRODUCTS

NET WT. 3.5oz (100g)

**Wild-Crafted Chanca Piedra Tea**  
Chanca Piedra is an Amazonian superherb with an earthy, robust flavor. Its name translates to "stone breaker" in Quechua and Spanish due to its traditional use in South American shamanic medicine to break up calcium deposits in the body. Chanca Piedra is widely used for its ability to help regulate normal kidney, gallbladder and liver health. It is rich in the trace minerals manganese and iron, and also contains calcium, zinc and phosphorus. These nutrients assist in maintaining healthy kidneys, blood, connective tissues, and bones.

### The Sunfood Difference™

Wild-crafted and certified non-GMO, our Chanca Piedra is free from pesticides, herbicides or other dangerous additives, making it the highest quality available from South America. When you purchase this product, you are supporting indigenous peoples and helping to protect the Amazonian rainforest from being cut down for agricultural industrialization.

### Suggested Recipe

#### CHANCA-BERRY VANILLA TEA

- 1 tbsp Chanca Piedra
- 2 tbsp Goji Berries
- 1 tsp Vanilla Powder

Steep all ingredients in 2 liters of hot water for 20 minutes. Filter and Enjoy!
